Photo Presets
FOR ADOBE PHOTOSHOP®
LIGHTROOM
ESSENTIAL COLLECTION

Wedding photography is the photography of activities relating to weddings. It encompasses photographs of the couple before marriage as well as coverage of the wedding and reception. Wedding time is one of the most important and memorable days of every couple's life. We love to create images that stand alone as art pieces and tell the story of wedding day. Wedding photography filled with many emotions, joy, love and the feeling of warmth... this is our inspiration.

A romantic wedding couple is featured in a full-page photograph. The bride, on the left, has blonde hair and wears a white lace off-the-shoulder gown with a long, flowing veil. She is leaning her head against the groom's shoulder. The groom, on the right, has dark hair and a beard, and is dressed in a white dress shirt, a light-colored bow tie, and dark suspenders. They are standing on a balcony with a metal railing, with a bright blue ocean and a clear sky in the background. The lighting is soft and warm, suggesting a late afternoon or early morning setting.

A flower cannot blossom
without sunshine,
and man cannot live
without love

A full-page photograph of a wedding couple in a grand, ornate hall. The bride is in the foreground, wearing a white, off-the-shoulder, lace-trimmed gown with a full skirt, holding a bouquet of white and yellow flowers. The groom stands behind her, wearing a dark suit. They are both looking off to the right. The hall features large, fluted columns, arched doorways, and a long wooden table in the background. A warm light source is visible on the left, casting a soft glow.

A romantic wedding scene set in a sun-dappled park. In the foreground, a bride in a strapless, tiered white gown and a long veil is seen from the side, holding a bouquet of white and pink flowers. In the background, a groom in a dark tuxedo with a white shirt and bow tie walks away from her down a stone path. The background is filled with lush green trees and foliage, with sunlight filtering through the leaves to create a bokeh effect.

How to install presets / Method One

Things you will need:

- Presets downloaded to your hard drive
- Location of folder with extracted (unzipped) presets

Step 1 Objective: To create a new folder. Right click on "Presets" to call up menu.

Step 2 Select "New Folder" and give it a meaningful name. Click on the "Create" button.

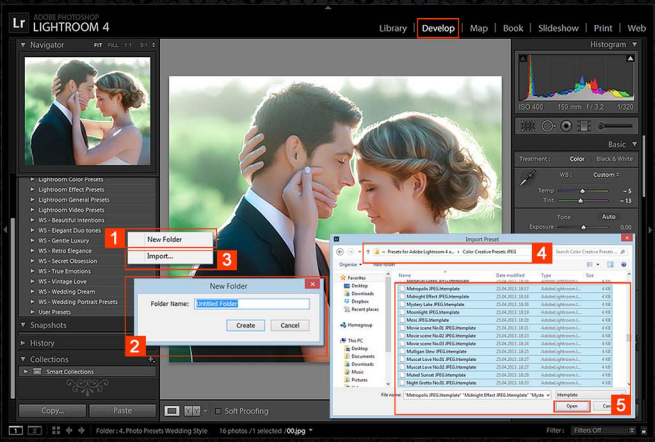

Step 3 Right click on the new folder and select "Import..."

Step 4 Locate the unzipped presets on your hard drive using the file browser that was opened in step 3.

Step 5 Select presets you want to import. Click on the "Open" button and you're done.

You can rename a folder by right clicking it and choose "Rename" and you can also delete a folder if you decide you don't like the presets or simply remove individual presets by right clicking the preset and click "Delete".

Just be sure to save your presets in a folder that is easily accessible and please back up your files. We recommend backing up to an external hard-drive or flash-drive.

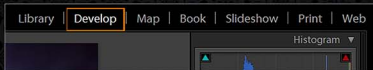

How to install presets / Method Two

Things you will need:

- Presets downloaded to your hard drive
- Location of folder with extracted (unzipped) presets

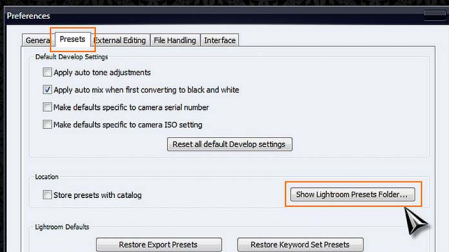

Step 1 Enter the "Develop" module by clicking on "Develop" at top right

Step 2 Click on "Edit" at the top-left, go down and click on "Preferences"

Step 3 In the new window click on "Presets" and on "Show Lightroom Presets Folder..."

Step 4 Double click on "Lightroom" folder, double click on "Develop Presets" folder

Step 5 Now copy the folders with presets, found in your download into the "Develop Presets" folder. Restart Lightroom and you are done.

Miracle Design Studio License Agreement

All Miracle Design Studio products are made available to you under the terms of this license agreement. By purchasing, or by installing or using the products, you are consenting to be bound by this agreement.

The licensee is granted a non-exclusive, non-transferrable, royalty-free, single user license. The products may only be used by the licensee unless expressly permitted by Miracle Design. Under this license agreement the products may be used for private and professional applications, including commercial use in a photographic studio.

You may also use the products in the creation of any photographic prints for sale by you or multi-media or print project, such as albums, cards, books, prints, websites, calendars and other printed promotional items. All rights not expressly granted to you in this Agreement are specifically reserved to Miracle Design Studio.

The licensee is not entitled to sell, market, distribute, duplicate or grant rights to the products or images contained within the products to any other third party. Miracle Design Studio products may not be resold without an authorized reseller agreement in place. This includes via auction sites & blogs.

You may not post any products or portion thereof or derived works to forums, newsgroups, mail lists or electronic bulletin boards in a downloadable format. You may not copy, modify, sublicense, sell, distribute or transfer any part of any product and you agree to prevent unauthorized copying of the product. Unauthorized reproduction, modification, sale or distribution is subject to civil and criminal penalties.

Use of a product in a manner that is contrary to a restriction stated in this Agreement is prohibited. Use of a product in a manner not specifically authorized by this Agreement constitutes an infringement of our licensors' proprietary rights and will subject you to infringement damages for, but not limited to, any loss of sales, profits or goodwill caused by the licensee's failure to comply with this agreement.

Restrictions and limitations. The use of Miracle Design Studio products may require additional components from third-party software providers. Third-party software are not included in the purchase of the products. The installation and use of third party components may also be governed by additional license agreements specific to those products.
